- 1) American National Standards are developed by the voluntary participation of all parties with the intention and expectation that the standards will be suitable for wide application. Since their use is likewise voluntary, an affirmative vote does not commit an organization or group represented on the committee to the use of the American National Standard under consideration.
- 2) If you find that you cannot vote YES and wish to vote NO, please state this and explain the reasons for your position on a separate sheet(s) with each comment numbered, and with each page numbered and titled to identify the corresponding Letter Ballot. Electronic copies of your comments are requested to expedite the response process. ABSTENTIONS are not permitted on technical issues which include final actions on dpANS unless a valid reason for abstaining is included with the ballot.

Do not return this ballot to the following location:
